EXPERIENCE

SENIOR WEB DEVELOPER @ WESTAT

Rockville, Maryland (2012 – Present)

Develop responsive, 508 compliant and accessible websites, e-learning sites and other web media for clients, mostly government agencies.

Tools used include HTML 4 & 5, CSS 2 & 3, JQUERY, PHP, MYSQL, GIT, FTP, DRUSH, SortSite ... and more.

Drupal (Versions 7 & 8) is our primary CMS; but depending of projects and clients' needs, other frameworks are used.

Oversee third-party content integration and migration project involving architecture, design, implementation, and testing of integrated web applications on aggressive timeline. Successful projects are completed on time and under budget.

FREELANCE WEB DEVELOPER @ WWW.SINDWEB.COM

Online (2007 – Present)

Develop and host websites for companies and individuals.

Tools used include HTML 4 & 5, CSS 2 & 3, JQUERY, PHP, MYSQL, GIT, FTP tools, SortSite, CPANEL, LAMP ... and more

Drupal is our primary CMS; but depending of projects and clients' needs, other frameworks are used.
